About

Bachelor's degree in information systems, with solid experience as a Mid-Level/Senior Frontend Developer, specializing in React.js and Next.js. I have knowledge in developing institutional websites, blogs, online stores, and landing pages. Experience in developing and maintaining tools, A/B testing, and performance optimization. Proficient in various technologies, including React.js, Next.js, Node.js, PHP, WordPress, TypeScript, MySQL, PostgreSQL, Styled Components, Bootstrap, Tailwind, and SCSS.

Academic Background

Anhanguera Educational Institution | bachelor's degree in information systems 2015-2018

Experiences

FourSys Tech | Senior Front-end Web Developer, SEO & Performance – 2025.10 – 2026.2

SEO and Performance role for Youse insurance (2025.10 - 2025.12).

- ✓ Development and optimization of SEO performance (Core Web Vitals) for the application's main pages using React and Gatsby.
- ✓ Refactoring critical scripts to reduce main thread effort, improving page interactivity.
- ✓ Implementation of preload for LCP (Largest Contentful Paint) images and elimination of rendering blocking resources.
- ✓ Optimization of the DOM structure, reducing depth and complexity for faster browser processing.
- ✓ Application of loading strategies for third-party scripts (defer/async), avoiding bottlenecks in initial loading.
- ✓ Configuration of static assets and implementation of Lazy Load for images below the fold, reducing loading time and data consumption.

Tenda Negócios Imobiliários | Senior Front-end and Web Developer - 2021.10 – 2025.7

- ✓ Development and maintenance of applications using React/Next.js/Node.js, focusing on improving user experience (UX/UI), performance (hooks, code splitting), and global state management (Context API, Redux).
- ✓ Implementation of A/B tests and unit tests (Jest, testing library) to optimize tools and user flows.
- ✓ Creation of components and systemic design architecture, following the Atomic Design pattern and the Design System provided by UX/UI.
- ✓ Management communication with AWS S3 services for file and data manipulation, integration with REST APIs.

- ✓ Development of custom themes and plugins for WordPress using PHP, applying SEO and performance optimizations (PageSpeed).

Spread Teleinformática | Front-end Web Developer - 2020.9 – 2021.9

- ✓ Consultant experience for Novartis Pharma (2020.9 - 2021.2) and Qualicorp (2021.3 - 2021.6).
- ✓ Development of tools for WordPress platforms, using PHP, CSS, HTML, Hubspot, Bootstrap, and APIs.

Adin Commercial and Marketing Services | Junior PHP Programmer 2019.9 – 2020.4

- ✓ Implementation of new tools and functionalities in existing systems, using PHP, jQuery, Ajax, CSS, HTML.
- ✓ Development and implementation of websites on the WordPress/Magento platforms.

Dimensions Software Ltda | Software Development Assistant 2019.4 – 2019.6

- ✓ Focus on implementing software tools, with emphasis on WordPress.
